Christmas Seals Help Fight T.B.

Premier E. C. Manning issued a statement this week commending the anti-tuberculosis work of the Alberta Tuberculosis Association, and calling on Albertans to support the annual sale of Christmas Seals.

Mr. Manning said: "Christmas Seals have for many years been a part of the Christmas tradition, but they are much more than that. They are sold to fight a great wrong — to speed the end of the last of the great plagues, tuberculosis."

Mr. Manning went on to say: "Tuberculosis is still one of our major public health problems because of its infectiousness. It is preventable, however, and we feel that many T.B. deaths should have been prevented. It is to increase the preventive measures that the T.B. Associations raise money through Christmas Seals. I commend the T.B. Seal sale to the people of Alberta. We have a good T.B. Association — support them generously."

Health education is one of the chief activities of the Alberta Tuberculosis Association. Early diagnosis through mobile units and hospital X-ray installations accounts for a great deal of Christmas Seal funds, and the rehabilitation program enables hundreds of ex-patients to resume life trained and self-supporting. Nursing and welfare services also mean much to T.B. patients and their families.

A HOLE-IN-ONE... AND IN NOVEMBER

It's bad enough when people defy Old Man Winter by playing golf in the middle of November but when they go out and score a hole-in-one that's rubbing things in a bit. However, that's just what Miss Vivian Guthrie did last week when she sunk her tee shot on the eighth green. At the time she was playing with Polly Bussard.

CHINOOK WHEAT

Farmers who wish to secure some
of the new sawfly-resistant wheat
Chinook are advised to place their
orders right away. It is estimated
that altogether there are only 200-
000 bushels of this wheat in exist-
ence, of which 63,000 bushels are in
Alberta. The demand has been
brisk and already the supply in
Saskatchewan has been depleted
and orders from that province are
being sent to Alberta. Names of
growers who have Chinook for sale
may be obtained by writing to the
Lethbridge experimental station.
The seed is being sold for about
\$3.50 a bushel, sealed and tagged.
Chinook is equal to Rescue in
sawfly resistance but it is superior
in quality, being in the class with
Marquis and Thatcher. It possesses
considerable drought resistance.

WESTERDALE NEWS

(From Our Own Correspondent)

(Intended For Last Week)
Mr. and Mrs. L. McCabe and son from Saskatchewan visited for a few days last week at the home of Mr. and Mrs. J. Cowie.

Mr. and Mrs. A. Evans of Calgary visited recently with Mrs. W. Wigley. Mr. Wigley returned home Saturday night from a two-week hunting trip.

One Sunday afternoon recently while Mr. and Mrs. Ben Kershaw were resting, they were startled by a loud crash and on investigating they found a ruffled grouse had flown through the frost room window and lay dead on the floor. That is about as close to having your meat come to your table as one could ever expect.

A meeting of the Young People's Club was held at the hall last Monday night. It was decided that the rink be smoothed up in readiness for making ice. Mr. R. Jackson and Mr. D. Landeen offered to supply equipment for the above work.

It was agreed that a ton of coal be purchased for the hall. It was also decided to have a dance on Nov. 20, with Fisher's orchestra supplying the music.

Mr. R. P. Heston of Lacombe was present and agreed to complete wiring alterations which had been in progress for some time. Mrs. A. Jones is spending a couple of weeks at Penhold with her husband, who is a carpenter at the airport. Little Charles Jones is staying with his aunt, Mrs. A. Koch, at

CITY FORGETS THE FARM

An unfortunate aspect of development of the last 50 years has been the growing gulf between urban and rural populations. In the old days each group knew all about the other's way of life because of close family relations.

A great many urban adults had been brought up on a farm and the usual place for city children to spend their holidays was back on the farm where their parents had been raised and which an uncle was still operating.

Now, these old close contacts have been broken in the majority of cases. A fairly large proportion of our Canadian children have never even visited a farm.

That is true not only for children but for a considerable number of urban grown-ups as well. These people have driven past farms or flown over them. To them a herd of cattle or a flock of sheep or an orchard in bloom are merely interesting subjects for their color camera, not an investment of several thousand dollars which may or may not prove profitable.

It is not good for any country and particularly for a young democracy like ours to have two major population groups with so little knowledge of each other's life and problems.

Trochu.

Mr. and Mrs. Ben Kershaw visited with Mr. and Mrs. T. Collinge of Acme on Sunday.

A pleasant evening of crokinole was enjoyed at the hall Monday evening, when four boards were in play. Winners were Mrs. J. E. Bolton and Mr. K. Rowell, while consolation went to Mrs. K. Rowell and Mr. Ben Kershaw.

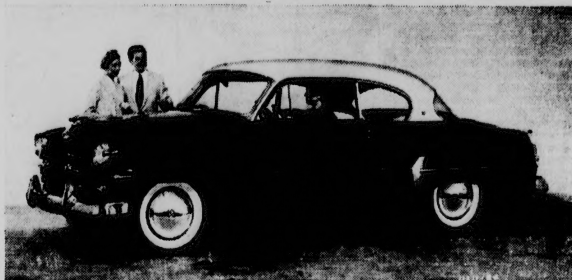

It never hurts to give a few words of praise. If you like your meal and the way it was served, don't be bashful about telling the ladies how nice it was. They'll appreciate it.

"Look here, mister," snarled the customs officer, "you told me there was nothing in the suitcase but clothing and I found a bottle of whiskey."

"Sure," replied the accused, "that's my nightcap."

THE BELVEDERE IS STYLE LEADER OF 1954 PLYMOUTHS

The longer, more graceful lines of the 1954 Plymouth Belvedere hard top shown above are accentuated by the increased use of new chrome trim throughout the entire length of the car. Fresh styling is also evident in the extended chrome headlights and the redesigned, brighter grille. The centre bar of the grille sweeps out and along the side of the car cutting through a perpendicular stone shield. Interior trim and upholstery makes full use of the latest vinyl materials and nylon and rayon fabrics to achieve complete colour and design harmony with the car's exterior. Plymouths for 1954 are available in three series: the practical Plaza, the distinctive Savoy and the style leader Belvedere.

By REV. C. C. ARMSTRONG

One of the occupational hazards afflicting scribes, preachers and public speakers is a tendency to take oneself very seriously, as if the thing said had to be a jewel of Divine wisdom or a proud declaration of Very Great Benefit to Humanity. This being so, it is most fortunate both for the sake of the speaker or writer, and for the sake of in-g-suffering listeners, that occasionally something ridiculous happens to restore things to their proper perspective.

Consider the remarks of Pope Leo at the time he and a certain Martin Luther were having a difference of opinion concerning the matter of indulgences. In a fit of anger he had written of him as "a child of the devil" but later, in a letter to Luther he addressed him as "my dear son". But that was long ago, and perhaps His Holiness is being misquoted.

The caretaker of a particular church (it happened to be a United one) generally stoked up the little coal stove, used for heating the building, just as the sermon was about to begin. It ensured a building that was comfortably warm even if His Reverence waxed long and eloquent, and as such a very sensible precaution. But it was a noisy custom, with the announcement of the text being drowned out by the rattle of coal and the clang of iron doors. On one occasion however he was stopped in his tracks as he was about to leave in the coal, for the minister was just announcing his text in a tremendous voice: "Be still, and know that I am God."

There is a story, possibly apocryphal, of a minister who in his prayers was inclined to lay down instructions and give information to the Deity. In his prayer he included petitions for various groups, ending up with a petition for the people of Newfoundland, "which, as thou knowest, O Lord, is an island in the Gulf of St. Lawrence."

Then too, there was the good man, a bit near-sighted perhaps, who had made a mistake in announcing the hymn number, only to discover that the first line of the correct hymn was: "Lord, I was blind, I could not see."

It is good for us to do our utmost to avoid blunders that will bring pain and misunderstanding, and be able to go about our daily work with a good conscience and in harmonious fellowship with others. But still one thinks that Robbie Burns didn't really mean it when he asked for deliverance that would "from many a blunder free us, and foolish notion."

There is a happy release from tension that is a benefit to all when we are plunged from the sublime to the ridiculous and discover, in a happier context than in the Psalmist's day the good truth that "He that sitteth in the heavens will laugh."

Agricultural SERVICE BOARD NOTES

W.K. Snyder, Field Supervisor

Bangs Free Area: The vote has been completed among the cattle owners of this municipality and it is overwhelmingly in favor of establishing a Bangs restricted area by calfhood vaccination. Many of you have been following Mr. McPhail's articles in this paper during the past and have kept up to date on the purpose of calfhood vaccinations, pertaining to heifers only, and also the advantages of establishing a Bangs-free herd.

The purpose of this letter is to inform you that Mountain View Municipality has been declared a Bangs restricted area by order of the minister of agriculture and that an agreement has been entered into between Dr. H. Anderson, veterinary surgeon of Olds and the council of this municipality to proceed with the vaccination of all heifer calves

between 4 and 7 months old. In some cases calves up to one-year-old will be done also.

The cost of this to the cattle owners will be as follows: \$1.00 per head for the first 10 head, and 40 cents per head thereafter on one premises. This charge will be due and payable to Dr. Anderson by each cattle owner upon completion of the vaccination on his premises. Each owner will be expected to assist by assembling his cattle and giving such additional help as may be reasonably expected.

Obviously this will be a big job with an estimated 10,000 calves to vaccinate. Somebody will be arranging an itinerary for Dr. Anderson so that a maximum number of calves can be vaccinated with a minimum amount of mileage and time. Be watching for further instructions in this regard.

CHRISTIAN SCIENCE

"Soul and Body" is the title of the Lesson-Sermon in Christian Science churches on Sunday, and it brings out the glorious fact that Soul is God, and is reflected by Man, in his image and likeness. Here are some of the passages, from the Bible: "Truly my soul waiteth upon God: from him cometh my salvation." (Ps. 62: 1). And from "Science and Health with Key to the Scriptures" by Mary Baker Eddy: "Science reveals Spirit, Soul, as not in the body, and God is not in man but as reflected by man. The greater cannot be in the lesser. The belief that the greater can be in the lesser is an error that works ill. This is a leading point in the Science of Soul, that Principle is not in its idea. Spirit, Soul, is not confined in man, and is never in matter." (487: 17-23).

CONFUSING STAMPS

When and whence did the Ottawa postal authorities acquire the idea that it does not matter whether you can see the numerals on a postage stamp, so long as the different denominations are distinguished by different colors. That is unfortunately not true. Many people are not very sensitive to color, and can easily mistake a one-cent stamp for a four-cent stamp when the design is practically identical and when the figures are very small and unobtrusive, as is the case with the new Queen Elizabeth issue.

THE NEW 1954 DODGE MAYFAIR LEADS IN BEAUTY

Twelve different solid colours and 48 two-tone combinations are available on the new 1954 Dodge cars now on display in Dodge-DeSoto showrooms across Canada. This emphasis on colour is carried through to the car's interior where two-tone colour combinations in trim and upholstery harmonize with the exterior body colour. A new, more massive looking grille sets off the increased use

of chrome that accentuates the longer body lines. Included in the Dodge Mayfair luxury series is the 4-Door Sedan shown above, a Mayfair hard top, and a Mayfair convertible. Completing the range of Dodge 6 cars for 1954 is the middle line Dodge Regent series and a lower priced Dodge Crusader series.

DODGE MAYFAIR

...for the newest in colourful styling...and luxurious driving ease

add Hy-Drive

With Dodge Hy-Drive you just shift into high — and go! You can drive all day without shifting... maneuver through traffic... stop for red lights... glide off again with a smooth, silent surge of power. You soon forget about gearshift and clutch. There's nothing new to learn — if you wish to back up, or need extra power when driving through snow or mud — just shift in the familiar way.

add Full-Power Steering

For the most effortless parking and steering you will find in any car — try Dodge Full Power Steering. From the moment you start your engine, hydraulic power takes over 4/5ths of the steering effort. You can't imagine how easy it is to park — to drive through traffic — to turn corners — to control your car on bumpy, rutted roads. You can turn the wheel with one finger — even when your Dodge is standing still.

No matter which 1954 Dodge you select, you'll be thrilled and surprised at how much more your dollars have bought.

In the Crusader series you'll enjoy the longer, more beautiful styling which distinguishes all 1954 Dodge cars, with smart new interiors and seating comfort, safety and fine vision you expect of a Dodge—all at a price that will please you.

The beautiful Regent series brings you styling, fine appointments and comfort hitherto only available in more costly cars—with, of course, all the many Dodge engineering features which mean so much in driving ease and performance.

In the brilliant new Mayfair series you'll see such style, and experience such luxury, you'll wonder how any car in the lower-priced field could offer so much. Their interior two-tone beauty of rich, woven fabrics and soft, ivory, leather-grained vinyl, with every appointment designed for your comfort and driving ease, are seldom surpassed by any car at any price.

There's performance to match this new Dodge style and beauty, no matter which series you select. There's a more powerful engine... the famous Dodge "three-way-smoother" ride... your choice of Hy-Drive, the simplest form of no-shift driving... and Dodge Full-Power Steering for the ultimate in luxurious driving ease.

When one of these beauties is your Dodge you'll drive it with pride. See and drive one to-day at your Dodge-DeSoto dealer's.

NOT INTERESTED

A return to party politics in municipal elections does not appeal to The Financial Post. Canada, it says, has moved very far away from this practice and we hope the present trend continues. In this country the independent or floating vote has been growing steadily for years. There are hundreds of thousands of people who vote for one party in a provincial contest and another party in the federal. And when it comes to municipal elections about the last thing they are interested in is the party affiliations of the candidates. That is a natural and healthy development. Municipal, provincial and federal issues have hardly any similarity at all.

YOU CAN'T WIN

A golfing clergyman had been beaten badly by a parishioner thirty years his senior. He returned to the clubhouse rather disgruntled. "Cheer up," his opponent said. "Remember, you win at the finish. You'll probably be burying me some day." "Even then," said the preacher. "It will be your hole."

FAREWELL PARTY

FOR WESTCOTT COUPLE

On a recent Monday evening a large group of people gathered to chivaree and bid farewell to Mr. and Mrs. Elmer Luft, the newlyweds who have moved to Didsbury from their farm at Westcott. The crowd was too large to be accommodated in the Luft home and moved to the Westcott school.

Mr. Cliff Murphy, master of ceremonies, led a sing-song, accompanied by Mrs. Ross Youngs at the piano. Games, contests and lunch followed.

Following this Mr. Murphy, on behalf of their many friends and relatives in the vicinity, presented the honored couple with a lovely scatter rug and a purse of money, to which Marian and Elmer each thanked everyone.

The evening closed with the singing of "For They Are Jolly Good Fellows."

DISTRICT NEWS

M.V.B.C. NEWS

Three groups of students represented the College on different floors of the conference over the weekend. One group accompanied Mr. and Mrs. Lusk to Big Valley, Gustor, Markham and Gahnah on behalf of extension work in the conference. Another group accompanied Rev. H. A. Traub, district superintendent, to Acadia Valley and Alaska. A third went to Roscarrock church, they themselves taking both Sunday School and church services. All reported good services with a splendid response.

The Choral Society met for the second practice on Monday evening. It was decided that a one and a half hour practice would be given every Monday evening at 8 p.m. They meet in the College chapel and all who wish to join are welcome to this community organization. "The Holy City" is the oratorio to be mastered this winter. You will want to join if you sing, and have that evening open.

Gene Hooper and Bob Hale were called home on Saturday because of the illness of the former's sister. We are hoping that she will rally again and that the boys will soon be able to return to their classes. Their home is in Wapato, Wash.

President Taylor will be busy engaged in revival effort in the Mountain View U.M. Church during the coming week. Each evening he will preach at 8 p.m. The meetings will close on the coming Sunday evening.

Miss Mary Walsh, dean of women, attended the Nazarene preachers' meeting in Edmonton several days this week. Miss Walsh is ordained in that church and holds pastorates that need supply teachers during the summer months.

The College received a gift of 75 chickens during the last week. Some of the good ladies of the church helped clean and cut them up so they could be put into the deep freeze and lockers. Surely this is a wonderful contribution and is greatly appreciated by all.

Some lovely baby mums were sent to the College from friends in Victoria this week. The tables are nicely decorated with them and great care is given them so that they will last as long as possible.

Zella Institute

Plans Bazaar

Thirteen members and five visitors met at the home of Mrs. Henry Harder, with Mrs. W. Johnke as co-hostess, for the November meeting of the Zella W.I. on Thursday.

Roll call was answered by a W.I. limerick. The sum of \$5 was voted for prize money for the Westward Ho Club.

Mrs. H. Christensen and Mrs. J. Hansen reported on the home economics and handicraft arising out of the executive meeting held in October. Final arrangements were made for the auction sale and bazaar to be held in the Zella school on Friday, Nov. 20.

Mrs. J. Johnston read an interesting article on "Remembrance Day" as an open topic.

The "bit of fun" was a reading given by Mrs. E. Walldroff: "Baby Sitting With Susie." Happy birthday was sung to Mrs. E. Lowrie and Mrs. V. Snyder.

A maximum sum of \$50 was voted for the electrification of the Zella school if it was needed.

The next meeting will be held at the home of Mrs. A. Walldroff on Thursday, Dec. 10th.

Mrs. E. Walldroff and Mrs. A. Walldroff will be co-hostesses for the next W.I. card party to be held at the school on Friday, Dec. 4th. Everybody welcome.

Lone Pine W.I.
November Meeting

Twelve members and five visitors met at the home of Mrs. Long for the regular November meeting of the Lone Pine W.I. Roll call was answered with a box of candy for the bazaar.

Mrs. S. Brander will write a letter to the W.I. in Scotland that sent the plaid bow from the A.C.W.W. Conference. Ten dollars will be sent to the "Barley For Korean Children Fund."

Final arrangements were made for the bazaar and fun to be held at Lone Pine Hall on November 27. Ladies of the W.I. are asked to bring a cake.

Mrs. Long then gave her report on Farm Women's Work which was enjoyed by all present. She also spoke on the Old Folks' Home and it was decided to hold a shower in the United Church basement on November 28, in the afternoon. Everyone welcome to come and bring a gift for the home.

Mrs. Hogg, constituency convener, was present and gave a very nice talk. A bouquet of flowers is to be sent to Mrs. Jack Topley, first health.

An auction sale was held which netted \$8.50. As this was the grandmothers' meeting all grandmothers received a small gift. The 10-cent draw netted \$2.15 and a visitor, Mrs. E. Blain, held the lucky ticket.

The next meeting will be held at the home of Mr. Fred Metz on the first Wednesday in December.

BLOOD DONOR CLINIC
HERE IN NOVEMBER

The news that the Canadian Red Cross Society plans to collect an extra 150,000 bottles of blood to be processed into gamma globulin should ease parents' minds across Canada and particularly in Alberta where two serious poliomyelitis epidemics have occurred during the past two years.

While the responsibility of Red Cross is limited to the collection of the blood, it is the basic responsibility; for about one pint of blood is required for an average dose of gamma globulin. While research would indicate that gamma globulin is not a definite preventative for polio, it is believed to be effective in the prevention or lessening the severity of paralysis in polio. One dose protects a child only for a period of five to six weeks following infection.

After the blood is collected by the Red Cross Blood Transfusion Service, with which you are familiar, it is turned over to the processing laboratories for fractionation. And once the gamma globulin is obtained, it will be distributed by the federal and provincial health departments on the advice of an advisory committee. Red Cross itself has no responsibility beyond the collection of blood.

To meet this new demand for blood, clinics will have to collect at least 25 per cent more blood than previously, for the first responsibility is to the hospitals which must be supplied with blood and plasma.

In announcing this new Red Cross program the Hon. Paul Martin, minister of national health and welfare, said: "The success of the entire program depends on the support of thousands of individual Canadians, voluntary blood donors who alone can provide the needed weapons to fight polio... the gamma globulin in their blood."

You are called upon to fight polio when the Blood Transfusion Service holds its clinic from 1:30 to 3:30 p.m. on Thursday, December 10th, in the Redeemer Lutheran Church.

At last the average Canadian can actually form a force against polio. An opportunity we've been waiting for, for a long time.

Culloch and Douglas Good who are confined to their homes with chicken pox.

Mr. and Mrs. Gordon Hoskin and Lawrence, Mrs. Roy McNeen and Harold Swanson were in Calgary on Thursday.

There was a good turn-out at the United Church supper held at the Bancroft school on November 10.

WEDDINGS

BROOKS — SONMOR

On Saturday, November 14 at 4 p.m., the Loverna, Sask., United Church, decorated with vari-colored 'mums was the scene of a very pretty wedding when Archdeacon W. Dave Hasell united in marriage in a double ring ceremony, Marcene Gladys, daughter of Mr. and Mrs. Ralph Sonmor of Provost, Alta., to Mr. Leland Alfred Brooks, son of Mr. and Mrs. Thomas H. Brooks of Lynden, Ont. Mrs. Ken Warrington presided at the organ.

The bride advanced to the altar on her father's arm and was beautiful in a floor length strapless gown of white nylon net with lace inserts over satin with a goulfaunt skirt. The jacket with lily point sleeves was fashioned from Chantilly lace embroidered in sequins and pearls and buttoned from the Peter Pan collar to the waist. A sweetheart halo held her shoulder-length veil in place. She wore pearl drop earrings, the gift of the groom and carried a cascade of red roses and white 'mums with white lace and tulle.

Miss Gloria Markie, Red Deer, as maid of honor, was in a floor length gown of blue nylon net over taffeta with blue lace bodice and jacket.

Miss Doreen Sonmor, Provost, was her sister's bridesmaid and wore a floor length gown of orchid nylon net with lace medallions over taffeta. Both wore matching head-dresses of lace bandeaux with tiny yellow 'mums and carried cascades of yellow 'mums with lace bows of blue and orchid respectively.

Winsome flower girls were little Misses Judy and Jeanette Heisz, Red Deer, cousins of the bride, in floor length gowns of yellow taffeta.

Mr. Chris Foss, Loverna, attended the groom, and Messrs. Vance Shields, Didsbury, uncle of the groom, Gordon MacKenzie and George Heisz, Red Deer, were ushers.

Guests numbering from 40 to 50 enjoyed the reception which followed at the Vernon hotel, Loverna. A wedding dance followed the reception and later the newlyweds left on a motor trip to Great Falls. On their return they will take up residence in Red Deer.
